

# Courage Cards Environmental Responsibility

## Our Mission

Courage Cards is dedicated to advancing the lives of people experiencing barriers to health and independence and at the same time leaving the world a better place for future generations. Courage Cards is proud to partner with vendors who share our same values.

## Our Product

Courage Cards are produced on paper stock that has been responsibly sourced and manufactured from sustainable forests. Forestry certification programs set rigorous criteria for managed forests including: tree replanting, habitat preservation, elimination of illegal logging and other practices. Courage Cards partners with vendors who have undergone rigorous requirements to become and maintain these certifications.

Courage Cards are produced on paper stock that carries a Triple Certification for primary forest management, which means Courage Card paper stock is chain-of-custody certified by three independent third-party certification systems.

Courage Cards are produced on paper stock manufactured with recycled fiber and is both acid and chlorine free.

Courage Card envelopes are produced from paper stock that also carries multiple environmental certifications.

Courage Cards have been printed in the United States for more than 50 years.

## Our Promise

Courage Cards takes environmental responsibility seriously. We are dedicated to advancing the lives of people experiencing barriers to health and independence and at the same time leaving the world a better place for future generations.
